

13th Paphiakos Hot Dog Show Sunday 2nd May 2010

The Paphiakos 13th Hot Dog Show was held on Sunday 2nd May 2010 on the picturesque setting of Paphos Harbour, in front of the Medieval Castle. The Show was declared open at 8pm, by the Deputy Mayor of Paphos, Mr Makis Roussis. Considering the present economic climate, the Show was well attended by many locals and tourists alike. The weather was kind to us on the day, which is more than can be said for the Saturday, which made setting up of the Show a nightmare. We had over 120 volunteers helping us on the day and we would like to thank each and every one of them. It was a very long day for all and for those who extended their help during the late evening for set up and clear down, we are truly grateful.

The Show saw a large variety of dogs this year, some regulars and, what was lovely to see, were some newcomers and those entering at the last minute for a bit of fun, and actually winning. That is what it is all about, having fun and showing off your best friend.

We were spoilt with entertainment throughout the day from Point FM, along with a display from the Paphos Police Dogs, KB Entertainment and a variety of local clubs. One including our very own 'Cat Woman' trying her hand at TaiKwon-Do and actually successfully breaking a block of wood in half, although I am not sure her hand has yet recovered! Of course the Show could not happen without the support of our own staff and many volunteers, the traders on the day and the public supporting us and those entering the dog classes themselves. Finally without the kindness and generosity of the Sponsors it would not be possible. These are too many to list at the moment but watch this space and our June edition of the 'What's Happening' Magazine. We are truly grateful to you all and hope the day gave you the publicity you deserved.

You have all given so generously, the animals here in our care at Paphiakos would like to say a huge THANK YOU.
